According to Part A, Section 11 of the ISPS Code, each Company shall designate a CSO to have knowledge of and training in the aspects mentioned in Part B 13.1 ISPS Code. The Company Security Officer designated by a company is responsible for the ship security assessment and for on board survey to confirm the development and implementation of the Ship Security Plan (SSP).

All the Company Security Officers (CSO's) recognized by this Administration and currently operating Panamanian vessels transiting high-risk areas need to be in compliance with the guidance for CSO's established in MSC.1/Circ. 1390.
